SERBIAN SOLDIERS  
WIN HONORS IN WAR

The Serbian Young Men's Society has heard from several members from Tonopah who went out to fight under the colors of the United States. The first of these is Tomo P. Roganovich, who was officially reported killed in action, according to the records of the adjutant general's department at Washington. The latter notified the society of the alleged death and the next day a letter dated 30 days after the date of the reported death was received. A wire to the effect that Roganovich was still living and at one of the hospitals was sent to Washington which led to an investigation resulting in the following reply which was read at the last meeting of the Serbian Society:

December 27, 1918.  
Private Tomo Roganovich, 316th Engineers, wounded in action, Sept. 29, 1918, during operations in Argonne offensive in which the regiment participated and is entitled to wear wound chevron. Has been in hospital and will return home soon fully recovered, if not already done so. He is held in high esteem by the officers and men of this company and we all extend to him our best wishes.  
CAPT. CHARLES H. WILLISON,  
Captain 316th Engineers.

The foregoing was confirmed by an official message stating that the reported death of the Tonopah man

FLOOR TAX LEVIES  
MADE OPERATIVE

SAN FRANCISCO, Feb. 4.—Preliminary instructions have been received by Collector Justus S. Wardell from the internal revenue commissioner as to administrative measures of the floor tax on distilled spirits and cigars, cigarettes and tobacco, etc. Floor tax levies became operative immediately after the passage of the new revenue act. Collector Wardell stated that a true and complete inventory must be made of all distilled spirits, bottled spirits, wines, cordials, cigars, cigarettes, tobacco and snuff held for sale by any person in the district. Legal forms will be supplied for the purpose the day the law goes into effect.

According to instructions received, a record of all goods delivered or between the morning the act takes effect and the time of the completion of the inventory must be carefully kept and included in the inventory. An inventory label, furnished by the dealer, must be attached to each barrel, case, bottle and other container.

Returns must be filed within 30 days from the passage of the act. The law provides severe penalties if return is not filed on time. The tax becomes due and payable immediately after verification of the inventory by field deputies from the collector's office.

Last year dealers in distilled spirits were allowed an exemption of 50 gallons. Under the new law, no exemption whatever is granted.

VALUE OF GOLD AND SILVER PRODUCED IN  
UNITED STATES SHOW MINING'S IMPORTANCE

The Bureau of the Mint and the Geological Survey have issued the following joint preliminary estimate of the production of gold and silver in the United States during the calendar year 1918:

Gold and Silver Produced in the United States in 1918.					
		GOLD		SILVER	
State or Territory—	Fine Ounce	Value	Fine Ounce	Value	
Alaska	440,622	\$ 9,108,500	796,836	\$ 796,836	
Alabama	36	700	2	2	
Arizona	278,647	5,760,200	6,771,490	6,771,490	
California	832,389	17,307,000	1,555,417	1,555,417	
Colorado	621,791	12,853,500	6,982,313	6,982,313	
Georgia	169	3,500	41	41	
Idaho	30,764	636,000	10,188,056	10,188,056	
Illinois			8,939	8,939	
Maryland			164	164	
Michigan			491,939	491,939	
Missouri	10	200	40,948	40,948	
Montana	153,375	3,170,600	15,341,793	15,341,793	
Nevada	322,276	6,662,000	10,113,405	10,113,405	
New Mexico	30,871	638,200	763,758	763,758	
North Carolina	38	800	9	9	
Oregon	60,951	1,260,000	150,207	150,207	
Philippine Islands	44,202	918,700	12,597	12,597	
South Dakota	328,305	6,786,700	165,865	165,865	
Tennessee	263	5,400	131,931	131,931	
Texas	5	100	612,436	612,436	
Utah	152,018	3,142,500	13,439,811	13,439,811	
Vermont	47	800	5,117	5,117	
Virginia	20	400	2,967	2,967	
Washington	16,556	342,300	802,446	802,446	
Wyoming	18	400	719	719	

(Silver valued at the government buying price of \$1 an ounce.)  
These figures, compared with those showing the production in 1917—gold, \$83,750,700; silver, 71,740,362 ounces—indicate a reduction in the output of gold of \$15,257,200 and in that of silver of 3,861,156 ounces. The output of gold in 1918 was the smallest in twenty years and that of silver was the smallest since 1913.

ROW RAISED BY  
APPRAISERS' BILL

CARSON CITY, Feb. 4.—A merry little row will be stirred up by the bill introduced Friday in the assembly by Marsh seeking to abolish county assessors and place appraisal of all property in the state under the direction of the state tax commission, to be done by appraisers to be named by the commission. The appraisers, under the bill, would receive salaries of \$200 per month and their traveling and living expenses while engaged in making appraisals. County assessors and their friends are not likely to sit idly by while their means of livelihood is cut off.

There is considerable interest being taken in the two messages Gov. Boyle announced last week that he will deliver to the legislature within the next few days. One will deal in detail with the governor's classified taxation system, which nobody seems to know very much about aside from the mine operators who will oppose it for the reason that the scheme calls for a tax on the gross proceeds of mines instead of the net proceeds.

The second message will be more in the nature of a statement than a message. It will be a digest of the various commissions and appointive offices now serving the state together with the salaries of each and other information while the governor considers will be valuable to the members of both houses when the plan for consolidating and cutting commissions and appointive offices comes up for consideration.

MAYFLOWER RAISING  
IN GOOD MILL ORE

W. J. Tobin is up from Pioneer where he is interested in developing both the Mayflower and Pioneer mines. The Mayflower, he says, is proving up a great body of milling ore by raises from the 200 level. The first raise was sent up through ore all the way at a distance of 140 feet from the old stope. A second raise was put up at a distance of 150 feet in the same formation and a third will be started soon. Manager Kendall is engaged in blocking out reserves and after he is assured of a suitable tonnage, will turn his attention to the mill which will need very little attention to fit it for work.

## REWARD

A suitable reward will be paid for information leading to the location of M. B. Gardner, station foreman at Millers, Nev., in months of April and May, 1918, or Jas. Flynn, section man, at main line junction during same period. Address: Nevada Industrial Commission, Carson City, Nev.  
advF216

## PERSONAL

JOHN MANION is confined to his home by a severe cold.  
HERMAN ANDERSON was a passenger this morning for Hawthorne.  
JACK SALSBERY is visiting Tonopah from his home in San Francisco.

DANIEL J. ROBB has returned from Boston where he went June 6th to settle his sister's estate.  
MRS. JOHN DYNAN is making rapid progress toward recovery in the care of her mother, Mrs. J. A. Uhlend.

THEODORE WENICKE left this morning for San Diego where he will join Sam Haas in exploring Baja California.

W. J. TOBIN, president of the Pioneer Reorganized Mines company, is up from the southern camp taking a look over properties on the divide.

JAMES O'DONNELL, who has been troubled with a disorder of the digestive organs, left today for San Francisco, where he will enter the Lane hospital.

T. TASEM, the jeweler, returned home this morning after spending two weeks with the leading jewelry of the coast and Salt Lake adding to his stock of the latest novelties.

JOHN H. MILLER, president of the Manhattan Com., and who is also interested in the Mayflower and other properties, returned home this morning by train after visiting the Mayflower.

KENNETH BUTLER, hailing from Aspen, Colo., where he was employed as assayer on the Mullie Gibson, arrived this morning from Reno where he had been in the special army training school.

DUNCAN MCKENZIE arrived from Verington this morning with the object of looking into several offerings of movie picture appliances which he wants for a new venture he is about to make in the amusement line.

MRS. M. D. BAILEY of Corcoran, and her sister, Mrs. H. H. Warburton of Long Beach are here attending the hearing in connection with the report of the administrator of the estate of the late Ed. Clifford, Sr.

SERGEANT WILLIAM GREEN, who went out of Tonopah with the Hun killers and joined the engineers, is back in camp renewing his old friendships. After entering the engineers he was transferred to the infantry where he gained his stripes.

BILLY FRANKS, former electrician at the Tonopah Extension, has returned from San Antonio, where he was stationed at the switchboard for some months. Since leaving Tonopah he kept moving around from a score of camps to which he was transferred one after the other, so he got a pretty good chance to see the country.

## FUNERAL OF ANDY ANDERSON

Frank J. Cavanaugh was called to Goldfield this afternoon to make arrangements for the funeral of the late Andy Anderson, a well known hoist engineer formerly of Central City, Colo., who died in that city Saturday.

## AMUSEMENTS

JEWEL CARMEN IN  
THRILLING ROLE

"One of the biggest photoplays of the year" was the verdict of the motion picture critics who saw Jewel Carmen in "The Fallen Angel," which will be shown at the Butler today. Based on one of the best known of Alexandre Dumas' short stories, "You Can't Get Away With That," "The Fallen Angel" reveals the struggles, the problems, the sacrifice, and the disillusionment of Jill Cummings, a rich girl who, when she loses her fortune, battles her beauty to keep the case and comfort to which she had been accustomed.

"The Fallen Angel" is a big play, it handles a big theme, and in taking the leading role, Jewel Carmen did a big and really worthwhile piece of work. Those who like strong, real photoplays should not fail to see this absorbing drama of a beautiful woman who paid the price of love to every foot.

Tomorrow, "Alimony." "The Tie That Binds" an amazing story of the divorce traffic, together with Rex Beach, travel pictures. Remember, William S. Hart will be here Friday in "Selfish Yates," a typical Hart picture.

RUNAWAY BROKER  
CAUGHT IN TEXAS

A. W. Barrett, better known in Reno as A. W. Stetson of the A. W. Stetson company, mining brokers, has two sons, K. C. and F. W. Barrett, a son-in-law and the wife of one of the sons, and John Armstrong, were arrested Saturday in different parts of the country on charges of using the mails to defraud in connection with brokerage offices conducted in many different places, including Reno.

The arrests were made at the instigation of S. H. Morse, chief postal inspector and W. J. Maderia, postal inspector, who have been working on the case for six months during which time they spent several weeks in checking up on the activities of the Barretts who conducted a brokerage office there and are said to have swindled several Reno people out of large sums of money.

The older Barrett was found at Fort Worth, Texas, by Postal Inspector Maderia, who had been on Barrett's trail for a month. The two younger Barretts and the woman were arrested in Cincinnati, while Armstrong was captured in Kansas City.

Location notices in book form with carbon sheets and duplicates for ready reference. For sale at the Bonanza.

## CLASSIFIED

Four-room modern house furnished \$22.50.

MATT ROSENTHAL  
DIES ON COAST

Mark Rosenthal, better known as "Matt" to every business man in southern Nevada, died January 31st at San Francisco, according to an announcement received here. "Matt" came here from Bakersfield in 1902 and worked for the Ladd & Cobb Stage company. Subsequently he engaged in other business, making his headquarters in Tonopah until he moved to Goldfield where he was interested in a business venture. From that camp he went to Carson City where he was appointed to a position in the state prison from which he resigned two years ago and took up his residence on the coast. Deceased was 59 years of age.

## NOTICE

The Nye county legislative delegation at Carson is furnishing the Taxpayers Association a complete list of all bills and resolutions introduced in Carson. A file of these bills and resolutions is kept at the office of the Nye County Taxpayers Association, room 505 State Bank building, where members and others interested are invited to inspect same.
